## What about Privacy ?

- Due to privacy concerns, **you are not allowed to see all the identifying information during the user study**
- We have attempted to convey sufficient information for the record linkage task
- The upcoming pages will give you an understanding of how the data is disclosed on a need to know basis

# Checkmarks: Identical values

- Identical values are represented by checkmarks

TIPTON

TIPTON

# stars (\*s) are used for Similar Values

- When two items are the same, the characters that are the same are represented by stars (\*s).
- Only the characters that are different are revealed.

# Different items

- When two items are completely different, they are left fully revealed.

MORGAN  
DIFF  
ALLISON

- The exception to this rule is the registration number, which are never allowed to be revealed fully. When registration numbers are entirely different, they are represented by a string of @s and &s

# Name & Date Swaps

- When names are swapped, the swapped names are represented by &s and @s
